Bids will be checked to determine if they comply with the essential requirements of the ITB. A Bid is deemed to comply if it satisfies all the conditions, procedures and specifications in the ITB without substantially departing from or attaching restrictions with them. If a Bid does not comply with the ITB, it will be rejected immediately and may not subsequently be made to comply by correcting it or withdrawing the departure or restriction.

Technical Evaluation

The Evaluation Committee will rule on the technical admissibility of each Bid, classifying it as technically compliant or non-compliant. The technical evaluation will be based on the information and documents annexed in the Bid concerning both the task to be carried out under the ITB, and the professional ability of the Bidder.

Financial Evaluation

The Evaluation Committee will not necessarily choose on the basis of lowest price alone but will award a contract on the basis of criteria such as best value for money, price, quality, and compliance with international norms, delay for delivery and other criteria, as defined in the ITB. The experience of the Bidder in the performance of similar contracts may also be criterion for selection.

16. Cancellation of the ITB

In the event of a ITB cancellation, Bidders will be notified by AVSI. If the ITB is cancelled before the outer envelope of any Bid has been opened, the sealed envelopes will be returned, unopened, to the Bidders

- » where no qualitatively or financially worthwhile Bid has been received or there has been no response at all;
- » the economic or technical parameters of the project have been fundamentally altered;
- » exceptional circumstances or force majeure render normal performance of the project impossible;
- » all technically compliant Bids exceed the financial resources available;
- » there have been irregularities in the procedure, in particular where these have prevented fair competition.

In no circumstances will AVSI be liable for damages, whatever their nature (in particular damages for loss of profits) or relationship to the cancellation of a ITB, even if AVSI has been advised of the possibility of damages. The publication of a procurement notice does not commit AVSI to implement the programme or project announced.
