HUGUKA DUKORE AKAZI KANOZE PROJECT (HDAK)

2020 - 2021

During the 5-year life of project, the USAID Huguka Dukore Akazi Kanoze Activity is expected to operate across 25 of 30 districts, to provide 40,000 out of school youth – 34,000 new youth and up to 6,000 Akazi Kanoze alumni – with employability skills, leading to new or improved employment, by scaling up successful Akazi Kanoze interventions.

USAID HDAK will use a series of inclusive innovations that will invite more youth to participate in Rwanda’s historic transformation, particularly women, youth with disabilities and other vulnerable youth groups.

AVSI will work as a grantee to Education Development Center, Inc. (EDC) under the USAID HDAK Project to enable 300 youth to acquire skills and to gain better access to jobs, self-employment, or further education in Gicumbi district
