AVSI, a non-profit organization founded in 1972, implements development and humanitarian aid projects in 38 countries, including Italy. Our vision: to work for a world where the person is the protagonist of her own integral development and that of her community, even in crisis and emergency contexts. In 2020, AVSI helped almost 5 million people in need, including 21,412 children through our distance support program.

AVSI main sectors of intervention are: Education, which for AVSI is the cornerstone of development, Environment, Human rights, democracy and peace, Energy, Agriculture and Food Security, Child Protection, Health, Economic strengthening and livelihood, Nutrition, Sustainable Cities, Vocational Training and Job Creation, and Water and hygiene.

On its last financial statement (2020), AVSI had annual expenditure of 68,299,621.04 Euro, of which 77% came from institutional donors and 23% from private individuals. For every Euro received, 89.46 cents are used to implement projects. Moreover, AVSI is an institution authorized by the Commission for International Adoptions of the Italian Government.
